PROJECT 20%

DUE DATE	1. Report to be submitted no later than 3rd January 2027 (Week 15). 2. Presentation on 29 December 2026 to 1st January 2027 (Week 15).
BACKGROUND	**This GROUP PROJECT carry 20% of total course evaluation marks** 1. Website development (Psychomotor) 2. Project Report (Cognitive) 3. Presentation (Affective)
TASK	**In this project, you will build a moderate-size dynamic website.** Each group will have **up to 5 members**, and each member should contribute equally to the project.

Project ideas (choose ONE):

a) A website of an organization/association you know or involved.
b) A website for promoting/buying products (E-commerce).
c) A website for promoting activities or events.
d) An Interactive Learning Website
e) A website to manage staff attendance and job scheduling.
f) Others (write a draft of your idea and get advice from lecturer)

Requirements:

No	Category	Description
1	Page Count and Content	Website must contain 7 to 14 pages (through navigation bar/hyperlinks), each serving a distinct purpose. Content should be organized and thematic.
2	Frontend Development	Utilize HTML, CSS, and JavaScript for developing the frontend. Ensure a cohesive visual appearance with consistency in colour scheme, typography, and layout.
3	Backend Development	Develop a backend to handle data processing, user authentication, and server-side logic. Preferably use languages like PHP, Node.js, or Python with frameworks as appropriate.
4	Use of Frameworks (Optional)	The use of frameworks for both frontend and backend development are optional. Students are encouraged to explore and possibly use frameworks like Laravel, React, Vue, Angular, Express, Django, etc.
5	Navigation and Organization	Implement a consistent and intuitive navigation system with a clear menu structure and accessible navigation elements.
6	Readability and Accessibility	Text must be readable with high contrast and appropriate font sizes.
7	Multimedia Content	Include at least five relevant images and enrich content with accessible multimedia elements (videos, audio clips, animations).
8	Database Integration	Implement a database with at least three related tables to support the website's functionality.

9	CRUD Operations	Support Create, Read, Update, and Delete operations for interactive content management.
10	Responsive Design	Ensure the website is accessible and provides a seamless experience across various devices.
11	Security Measures	Implement basic security measures to protect user data and prevent vulnerabilities. Validate and sanitize user inputs.

Content of Report:

a) Cover page with list of group members and Section number
b) Project Report
   i. Abstract: Summarizes the entire project including objectives, methodologies, main findings, and conclusions
   ii. Chapter 1: Introduction, objective, scope, the significance of developing the website
   iii. Chapter 2: Technical details & requirements of the website (i.e. user requirement, system requirement, hardware-software requirement, Programming language, databases etc.) with citation using Mendeley
   iv. Chapter 3: Design (i.e., database, interfaces, web-tree diagram)
   v. Chapter 4: Implementation (i.e. partial coding – with explanations)
   vi. Chapter 5: Results (i.e. user manual, flow of the web/system) and Discussion
   vii. References (using Mendeley and follow UTHM references format)

c) Presentation of the project (15 – 20 mins). During the project presentation session, all members must attend, and the lecturer may pose questions to each group member.

Report Format:

a) Use font Times New Roman (11) with (1.15) line spacing.
b) Justify (Alignment).
c) Include ALL the group members' names and matrix no.

References:

Download and Install Mendeley System References Management for Desktop and MS Word Plugin
https://www.mendeley.com/reference-management/mendeley-desktop

- Search research papers, journals, and books only from the year 2021-2026
- Minimum References 10

Assessments:
In most cases, all group members will receive the same mark. However, in cases where there is a clear difference in understanding of the topic between the group members, the lecturer will differentiate the marks awarded. Your work will be graded based on the following aspects.

A. Project Report (CLO1) - Total: 5 Marks

Criteria	Excellent (5)	Good (4)	Satisfactory (3)	Needs Improvement (1-2)	Unsatisfactory (0)	Marks
Abstract (C1)	Concise, engaging, and inclusive of all critical elements.	Well-summarized but may lack a minor detail or element of style.	Covers basic information but may lack clarity or conciseness.	Vague, incomplete, or missing key elements.	Missing or irrelevant to the project.	___ x 0.15
Chapter 1: Introduction (C2)	Thoroughly sets the stage for the project with in-depth rationale.	Clear objectives and scope, with minor room for more detail.	Adequate introduction, but lacking in depth or specificity.	Insufficient explanation of the project's importance.	No clear objective or significance stated.	___ x 0.158
Chapter 2: Technical Requirements (C3)	Comprehensive and excellently cited technical details.	Good technical detail with generally proper citation.	Meets basic technical details but with some citation errors.	Lacks significant technical or citation detail.	Missing or incorrect technical details and citations.	___ x 0.167
Chapter 3: Design (C3)	Exceptional design detail, clarity, and innovation.	Well-designed with minor areas lacking detail.	Functional design but lacks innovation or clarity.	Poorly structured or incomplete design elements.	No coherent design presented.	___ x 0.167

Chapter 4: Implementation (C4)	Exemplary code with clear, detailed explanations.	Good implementation with mostly clear explanations.	Adequate code with some explanation but missing depth.	Insufficient detail or clarity in coding and explanations.	Incomplete, incorrect, or missing implementation.	___ x 0.179
Chapter 5: Results and Discussion (C4)	In-depth analysis with comprehensive discussion of results.	Clear results and good discussion with minor omissions.	Satisfactory presentation of results, but discussion lacks depth.	Limited results and minimal discussion.	Results and discussion are missing or irrelevant.	___ x 0.179
Total Marks						___ / 5

B. Website Development (CLO2) – Total: 8 Marks

Criteria	Excellent (5)	Good (4)	Satisfactory (3)	Needs Improvement (1-2)	Unsatisfactory (0)	Marks
Localhost Deployment (P1)	Flawless deployment, excellent understanding of server setup.	Successful deployment with minor issues.	Functional deployment, some troubleshooting needed.	Issues in deployment, needs significant help.	Unable to deploy.	___ x 0.25
Database Integration (P2)	Advanced database integration with complex queries and optimization.	Good integration, well-structured queries.	Adequate integration, basic queries.	Database present but poorly integrated.	No functional database.	___ x 0.30
Interface & Navigation (P4)	Exceptional UI/UX, intuitive and innovative navigation.	Good UI, clear navigation with minor issues.	Adequate UI/UX, navigation functional.	UI/UX or navigation can be significantly improved.	Poor or non-functional UI/UX.	___ x 0.32
CRUD Security (P3)	Robust security in CRUD operations, inputs well-validated/sanitized.	Good security practices, minor improvements needed.	Basic security measures in place, some vulnerabilities.	Inadequate security, high risk of vulnerabilities.	No security measures, unprotected operations.	___ x 0.34
Responsive Design (P4)	Fully responsive and seamless experience across all devices.	Generally responsive with minor inconsistencies.	Some responsiveness, notable issues on some devices.	Limited responsiveness, major issues on several devices.	Non-responsive design.	___ x 0.39
Total Marks						___ / 8

C. Presentation (CLO3) - Total: 7 Marks

Criteria	Excellent (5)	Good (4)	Satisfactory (3)	Needs Improvement (1-2)	Unsatisfactory (0)	Marks
Clarity & Confidence (A1)	Exceptionally clear and confident, engages audience.	Clear and confident, minor nervousness.	Understandable but could be more confident or engaging.	Difficult to follow, lacks confidence.	Incoherent presentation, very poor delivery.	___ x 0.45
Depth of Knowledge (A2)	Demonstrates deep understanding, can answer all questions thoroughly.	Good understanding, can answer most questions.	Adequate knowledge, struggles with some questions.	Limited understanding, unable to answer several questions.	Poor grasp of the topic, cannot answer questions.	___ x 0.47
Structure & Demo (A3)	Well-structured presentation with an effective demonstration.	Good structure, effective demonstration with minor issues.	Adequate structure, demo lacks detail.	Poor structure, ineffective or no demonstration.	No clear structure, lacks demonstration.	___ x 0.48
Total Marks						___ / 7
